

Hello John,

The work you did on my roof was great and the professionalism with which you conducted negotiations with my insurance company a big plus. I'm not sure I'd have known where to begin the process. I really feel that Best Hands Roofing looked out for MY interests and represented them. I liked that the roofers covered my grass and shrubs to prevent shingle damage and when I took my dog out for a walk, the roofers stopped working so she could go by, unfrightened!

If I know of anyone in need of a new roof, I'll definitely recommend Best Hands Roofing!
